Bridge Course Report

As most of the students come from rural background and are not aware about topics like communication skills, public speaking and building confidence. Students feel immense pressure because of shift from vernacular to English language. Keeping this in view department conducted Bridge course.

A Bridge course for B.A 1(all courses) aimed to act as buffer for the new entrants with an objective to create love for language, develop oral and written competence, and equip students with basic communication skills and to develop confidence was conducted by the Department of English.

Session 2018-19

Topic: Foreign Language Learning Skills

Subject Expert: Dr. M. D. Deshmukh, Associate professor
F.E.S. Girls college, Chandrapur

Session 2017-18

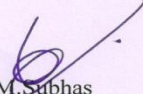

Topic: Fundamental of communication Skills

Subject Expert: Dr Akulwar, Asst. Professor, Dr. Ambedkar College of Arts, Commerce and Science, Chandrapur
Mr. Swapnil Bhagat, Asst. Professor, S.P. College, Chandrapur

Students were taught essential language concepts and application through activity based learning. After completion of course students learnt about applications of Basic grammar, vocabulary and usage of dictionary, the use of correct syntax, and the structure of language.

The course was full of excitement and enthusiasm and was welcomed with positive note by all students.

Report on

Bridge Course in C programming

Date: 21/08/2018 to 25/08/2018

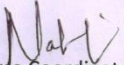

Venue: F Y M.Sc. lab

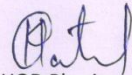

Department of Physics, Janata Mahavidyalaya Chandrapur has organized a Bridge coaching course for FYM.Sc. students. The program was scheduled for 5 days. It was conducted in F Y M.Sc. classroom (Lab).

Objective: FY M.Sc. Syllabus has one practical which includes programming through C Language. As most of the students enrolled in first year are from PCM background they find it difficult to perform and program. So with the view to make this practical session easy, and get fundamental knowledge of C programming language, this bridge course is organized.

Method: The course was inaugurated by Head of Physics department and continued for next five days. Dr. Aslam Suriya, from department of computer was invited to conduct these classes.

Outcome: After completion of this bridge course, students' gained fundamental knowledge about C programming language and were able to write few short programs. The students were able to apply this knowledge for understanding programs in their practicals like, Newton-Raphson method, Bubble-sort, matrix multiplication, Simpson's $1/3^{\text{rd}}$ rule and Lagrange's Interpolation method.

DEPARTMENT OF ENGLISH SLOW and ADVANCED LEARNERS

DEPARTMENT OF ENGLISH Strategies for Slow and Advance learners

On the basis of student's previous semester result, class behavior and response, class attendance and different approaches to learning that student exhibits as learning styles, modalities and subject knowledge, the slow and advance learners are recognized by the concern faculty.

Slow learners:

- A. Faculty pays extra attention to develop reading and writing skills and enhance vocabulary of the students who feel uncomfortable using English language.
- B. Bilingual explanation is given whenever it is necessary.
- C. Actively involves them in the class room activities like text book reading, newspaper reading and solving grammar exercises.
- D. Tutorials are conducted for these students as per timetable to clarify their doubts.
- E. Counseling conducted in a friendly way help the students to overcome their fear of using English language.

Advance Learners:

Advance Learners are identified by the faculty. Faculty uses various measures listed below to satisfy their special needs.

- A. Group Discussion
- B. Participation in college and Inter-collegiate competition
- C. Additional reference books
- D. Motivate them to communicate in English without any hesitation
- E. Give them information about e- learning resources
- F. Conduct Soft skill development program

Students are Cognitively engaged in the activities and assignments of the class/lab. Very few students could not meet the performance standard established for them. but most of the students overall performance consistently improved and they achieve expected result.

• But the overall performance of the students like Arti, Reeta and Akash significantly and consistently surpassed all the performance standards established for them. Their performance is above expectations.

• Through their 11th sem result was not

involved in the discussions & conversation. Literary discussions in the classroom developed their curiosity and interest in the subject. So guidance and encouragement improved their confidence and interest in literature and they improved dramatically. On more positive note they prepared their own notes with the help of reading/study material provided by me and library books. Eventually they scored much more than my expectations.

- They developed critical and literary thinking too and also developed respectful & friendly relation with them. So guided them to go for higher studies in literature.
- Finally they are doing their P.G. in English literature.
- Almost 07 students are doing P.G. in English literature.

Slow learners are recognised on the basis of their ~~test~~ result, observation, modalities and conversation in the class rooms. Though they are very weak in English as compared to their other subjects. They are recognised and given extra attention to their reading and writing skills. They are actively involved in the classroom activities like newspaper reading, text ^{book} reading and solving grammar exercises. Even extra classes are engaged according to their requirement. So the overall performance of the slow learners improved consistently and they performed well in the IInd sem & improved their result. Few slow learner like Sheetal Sherki, Preti Pachare, Sangeeta Pichurkar not only improved their results beyond my expectations but also improved their reading skills and writing.

Only ^{very} few advance learners could be recognised. Extra attention was given to them to improve their result. They were guided to take Coaching for MPSC. Rani Chohan, Literature student, was motivated & guided to go for higher studies in literature. Sidharth stood 1st in the Gondwana University and received Gold medal. With the guidance and help of teachers he is preparing for competitive exams.

Strategies for Slow and Advanced Learners

Slow Learners

1. Our department does continuous evaluation of students and end semester exam result analysis; students are also evaluated on the basis of their class performance and unit test result. Data analysis is done at the department and individual subject level.
2. Remedial classes and problem solving sessions are conducted for these students after class hours to clarify doubts, re explain the critical topics for an improved performance.
3. Bilingual explanation is given whenever it is necessary.
4. Counseling and mentoring session conducted in a friendly way help the student to overcome their psychological problems and achieve their goals successfully.

Advanced Learners

The identification of advanced learners is done by respective teachers. Validation is done on their attendance, performance in continuous evaluation and previous semester result. The measures used to satisfy their special needs are listed.

1. Group discussion.
2. Debate.
3. Participation in college and inter-collegiate competition.
4. Research work.
5. Additional reference books.
6. Motivation for classroom presentation.
7. Information about enrichment courses.
8. Application of computer skills for presentations.
9. Giving them information about e-learning resources, Magazines.
10. Any other support that enhances their learning.

Report of Personal Counseling Session

Date of meeting: 03/10/18

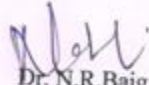

Venue: Physics Lab

A meeting of mentees was conducted with the objective of personal counseling and pre-examination counseling. 06 students attended the meeting. I explained them about different study techniques. My mentees noted down everything. They shared with me all the study ways they usually go through. I also explained them the importance of writing practice and revision as revision is the only method by which things can be retained in mind for a longer period.

I also asked them about their personal problems if any. Every one said that they have a conducive atmosphere for study at home except one student, whose father is drunkard due to which she has problems at home. We suggested some measures which can be applied to keep continuing her studies at home.

I also suggested them methods of group study and the impact it produces.

Thus the meeting ended on a good note bidding them best wishes for their term exams.
