CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Janata College is affiliated to Gondwana University, Gadchiroli. The College believes in providing quality education to students. The College has an effective mechanism to implement the curriculum designed by the affiliating University. Appointment of qualified staff: The institution has well qualified and adequate staff to deliver the curriculum, technical and administrative staff to support the delivery and assessment of the course. The institutional staff is appropriately skilled in pedagogical as well as technical areas and qualified and aware not only of their own areas of the course but also of the course as a whole in order that they can contextualize the learners learning experiences. Adequate Learning resources: The institution has ample of learning resources like, fully furnished laboratories, ICT arrangements, adequate finances, Books, Journals and e-resources, Teaching rooms, office space, social and study space and adequate requirements for supervision and delivery of curriculum. IQAC: The IQAC has a fundamental role to play in the execution of curricular, co-curricular and extracurricular activities of all the departments. The academic calendar is framed for the whole college inclusive of the above mentioned activities. IQAC ensures the completion of syllabus through review meetings at the end of each academic year. Staff's arrival and departure is examined through biometric system in addition to monitoring of lectures and practical's. 1) Before the beginning of session principal conducts a meeting with IQAC coordinator, vice-principals and HODs of departments to frame academic calendar. An academic calendar is framed at the beginning of the session by IQAC with the help of Academic calendar framing committee. 2) This calendar is conveyed to all the departments and asked to frame tentative departmental calendar to ensure effective curriculum delivery. The HODs in turn conducts meetings within departments to distribute workload and syllabus among regular and CHB staff. 3) The curriculum is split into small units (unitization). A teaching plan is made and teaching methods decided, and as far as possible, the teacher adheres to this plan. Special/Remedial classes are conducted, for slow learners if a need arises. 4) The Vice Principals are responsible for monitoring the implementation and delivery of all programmes and overseeing development planning and review processes. 5) Unit tests, end semester examinations and oral/viva examinations are conducted to evaluate the effectiveness of the implementation. 6) Classroom seminars are organized from time to time, in order to add variety and interest to curriculum transmission. This also develops students' communication skills, and thinking power. 7) Classroom assignments and project work add a practical dimension to the learning process. 8) The use of ICT to make teaching-learning process effective also makes curriculum delivery more effective. 9) Expert guidance lectures are arranged on many topics. The institution organizes several co-curricular and extracurricular activities which are incorporated into the calendar. 10) Study tours, visit to reputed labs, industrial visits are also undertaken. 11) Innovative teaching methods are also practiced. 12) Bridge courses are organized as per need. 13) Wherever possible, the interdisciplinary dimension is explored and explained while teaching a particular topic.

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>In view of identifying the gap in the syllabus as per the requirement of various stakeholders, the college had taken feedback on curriculum from the students regarding their subject. Suggestions like more smart and experiential leaning and approach to competitive exams, relevant to the framing of the syllabus of various courses were consolidated and communicated to the subject teachers. Since more than 70 of the teachers of the institution are actively participating in the syllabus restructuring process, as being members of Board of studies. These suggestions were communicated to the chairmen of different boards for the proper redressal of suggestions. 1. More MPSC/UPSC guidance and career guidance lectures were conducted and a lot of reading material on these areas is included in library. 2. Students are made aware of these facilities during Orientation Programs in the beginning. 3. More of industrial visits and field visits are conducted now. Also teachers are asked to conduct teaching through experiments. Teachers are also using PowerPoint presentations for enhancing teaching learning experience. 4. Expert guidance lectures are conducted on different topics of advanced sciences to inculcate interest in subjects. 5. Many faculties are now using ICT for teaching learning purposes to create smart learning environment. 6. COLLEGE FEST (ARTS, COMMERCE and SCIENCE) was conducted to make students job ready and enhance their life skills. 7. Slow</p>

learners and advanced learners are given more attention according to their needs. 8. Bridge Courses and skill oriented courses have been started to bridge the knowledge gap and to make students more skilled. 9. Extension activities for social and environment sensitization are conducted. 10. More career guidance and soft skill development schemes have been implemented. 11. To make students.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Students Mentoring system was introduced at Janata Mahavidyalaya, from the session 2017-18. Following are its objectives: • To help undergraduate fresh students understand the challenges and opportunities present in the Institute and develop a smooth transition to campus life. • To counsel academically weak undergraduate first

year students and to play an important role in helping troubled students cope with academic, extra-academic and personal problems. • To provide positive role models to first year undergraduate students in the institute. • To proactively try to identify problems of the general student populace and to bring them to the notice of the concerned authorities. Ensuring regularity and punctuality of students through counseling sessions are the goals of Students' Mentoring System. This programme primarily deals with first year undergraduate students. The PG incharges will be allocated as mentors of first year PG students. Every undergraduate fresh first year students is covered by this programme. In this system every student is under the care of a faculty mentor and two student mentors, who closely monitors the students' academic performance, attendance, research, participation in extracurricular/sports activities, competitions etc. Every mentor is allotted with 15-20 mentees. Student who are academically and behaviorally excellent are identified to take up the role of student mentors who closely work with academically weak students during their journey in college.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous Internal Evaluation of the students is the major responsibility of the college. Student centric teaching and continuous evaluation are the major focus of the teaching pedagogy. Within the framework of prescribed curriculum and rubrics of assessment and evaluation set by the university, faculty has autonomy to innovate in their teaching practices and adopt newer pedagogies and build enriching environment. As the college is affiliated to Gondwana University, Gadchiroli, it follows its guidelines. Credit based semester system was introduced by the University from the session 2012-13 and Choice based

credit system for PG was introduced from 2016-17 and for UG from the session 2017-18. And the internal assessment criterion was introduced thereafter. Taking university guidelines into consideration, continuous internal evaluation system of the college has following measures:

- The Internal Assessment (IA)- It will be carrying 20 weightage and shall be monitored based on parameters like- ? Class test/multiple choice question objective/open book test/unit test etc. ? Home assignments/case study/quizzes/group Discussion. ? Attendance ? Seminar or project etc. ? Industrial visit/field work/visit to research Institute. ? Active participation in routine class instructional deliveries ? Overall conduct as a responsible student, skill in articulation, leadership qualities expressed in co-curricular activities etc.
- The break-up of weightage to these parameters are as specified in the syllabus of the given subject.
- In addition to the above parameters, college also conducts term exams/model exams (end semester exams) for the students.
- After completion of each unit, class tests are conducted by the corresponding teacher and its evaluation is done. We conduct unit tests of 10/20 marks each and average is taken. End semester examination of remaining 80 marks is conducted by Gondwana University, Gadchiroli. The Continuous Internal Evaluation process is monitored by internal examination committee. Internal Examination committee circulates and displays the notices of unit tests and college level end semester examinations for students well in advance. Starting from the setting of examination paper to the conduct of the examination, evaluation of the answer sheets and declaration of the results, this process is taken in structured manner. The evaluation process is comprised of the internal assessment and end semester examination. The weightage of the various components of continuous evaluation are explained to the students and their parents in detail in the fresher's orientation course conducted in the beginning of the session. Some specific suggestion from parents is also taken into consideration, if any. Marks for the internal assessment evaluation are allocated on the basis of attendance, class test, assignments/projects, class behavior, viva-voce and external examination.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

In the beginning of academic year/semester, IQAC prepares academic calendar of the institution in line with the affiliating university's academic calendar, proposing the academic, co-curricular and extension activities and their probable dates. The academic year starts from mid-June and the academic activities of the institute are planned by a committee consisting of Principal, vice-principals, HODs and senior faculty members. The institute holds fast to the academic calendar for the conduct of continuous internal evaluation (CIE). This adherence is monitored. Every department has to submit the compliance of the academic calendar as part of their annual submissions. In addition the internal audit conducted ensures that the compliance is verified with documentary evidence. In the beginning every department also prepares its own departmental calendar based on main Academic calendar. The Head of the department compiles the academic plan and ensures that there is no overlapping of the activities in general and the CIE in particular at both the internal as well as the University level. The departmental calendar is then forwarded to the IQAC. Timetable is prepared by the vice-principals along with Head of departments and handed over to respective heads of departments and coordinators. Time table for all the courses is displayed on notice boards and college website. Departmental meetings are held to discuss subjects, topics and subtopics to be allocated to the teachers at the beginning of the academic semesters. HOD of the concerned department prepares action plan and distributes the syllabus to the faculty. The faculty now thoroughly prepares for the lectures well in advance for the term. This provides an opportunity to the entire faculty to develop detailed teaching plans and innovative and creative

teaching methods. Due to such detailed planning the lectures commence from the month of June end and fully flourish from the month of July. Syllabi and paper pattern as per university norms is discussed in the classroom and strictly followed. End of the month review meeting is held with the principal and faculty to discuss coverage of syllabus, evaluation pattern results to maintain quality of teaching. Examination/Assignments/projects schedule for the entire semester is prepared and announced well in advance. This enables the teachers and students to plan for the examination in a systematic manner. The college level end-semester exams are held in the months of September-October as specified in the academic calendar for odd semesters and February-March for even semesters. The evaluation of the class tests, unit tests, tutorials, group discussions, essay writings and home assignments form the basis for judging the performance of students throughout the year.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college believes in participative management which ensures representation of all stakeholders of the college. The college functions in a well structured manner to ensure that there is decentralization in the governance system and responsibilities are shared. The departments are the core strength of the institution. All college operations are managed by committees constituted for academic and non-academic activities. Faculties are empowered by the college development committee to lead the role in organizing teaching learning, extracurricular and co-curricular activities. The faculty represents and participates through their roles as members of CDC, IQAC and various clubs and committees, students also in their capacity as members and leaders of various groups and committees are able to influence several administrative decisions. Academic decisions pertaining to introductions, structuring, formation of courses and syllabi of various certificate courses and bridge course, are taken by respective committees after obtaining inputs from concerned faculties and departments. Case Study: The Annual Cultural and Sports Meet (Sunhare Pal) is being celebrated every year through the participation of students, Parents, faculty and nonteaching staff of the college and also with the distribution of responsibilities of various events to the committees. In every Academic year, before conducting the 'Meet', a meeting of cultural committee is held under the chairmanship of the principal for constituting different committees for conducting the Meet smoothly and efficiently. The students' interests and capabilities are also taken into consideration before finalizing the events. Traditional Day is introduced on the demand of the students. Schedule and necessary rules are chalked out by the cultural committee. For the successive implementation of the events, committees including faculty, non-teaching staff and students representatives are formed and responsibilities are disseminated to all. Informal review by the Management and Principal are being taken from time to time. Parents and guests are invited by the management and principal. Necessary changes can always be made by the management and the principal to make the Meet successful. With the help of management, principal, teaching and non teaching staff, students and guests the cultural and sports meet- 'Sunhare Pal' becomes successful every year. In the same way National / state/ university level conferences/seminars/workshops/Avishkar 2015 were organized and conducted successfully.

Problems Encountered and Resources Required • Bringing out the change in attitude of students. • Insufficient funds • Most of the students commute from villages, therefore could not utilize these opportunities due to lack of time and resources. • Unavailability of expertise in the surrounding areas for continuous training of students. TITLE: JANATA MAHAVIDYALAYA CREDIT COOPERATIVE

SOCIETY LIMITED Objective: • To serve the interest of teaching and non-teaching staff of the institution through the principle of self help and mutual help • To enable the staff to attain increased income and savings, Investments and productivity and promote among them equal distribution of net surplus through maximum utilization of funds

Context: Janata Mahavidyalaya Credit cooperative society Limited is an autonomous association of teaching and non teaching staff member united voluntarily to meet their economic, social and cultural needs and aspirations through a jointly owned and democratic controlled enterprise. It was established in the year 1976 and registered under the cooperative society Act and Bombay society Act, to provide support, stability and accountability to its members. Society provides various loan facilities like housing, education, health and marriage loans.

Practice: The cooperative society, a voluntary association, is controlled and run by the staff members for the welfare of teaching and non teaching staff. The membership is open to all staff. It's a democratic organization with president, vice president, secretary, treasurer and seven members elected or appointed in a manner agreed on by members. Executive Body of the society is elected after every five years in a democratic manner. Each member, no matter of his share is entitled to vote and avail loan facility. Recurring Deposit facility is also available to all employees of the institution. Interest on a member share capital is limited so that no person can have an overwhelming equity in the society. It mandates distribution of surplus amount equitably so that no member gains at the expense of another. An Annual meeting of executive body with all members is held in the beginning of the session for taking important and new decisions like distribution of surplus amount, providing membership to new employees, eligibility criteria for loan or maximum loan amount limit etc. Annual Report of the society is also shared with the members. Society provides prompt financial support to its members in need by extending loan facility on minimum interest rate as per RBI. It motivates students for excellence and felicitates wards of the members for their academic achievements. Recurring facility is also provided to all the employees of the institution. Evidence of success: Meetings are held every year in the beginning of the session. On an average 85 staff members are benefitted every year by loan schemes. Every year wards of staff are felicitated on the occasion of Independence Day. Felicitations of staff on superannuation Timely distribution of surplus amount A help of Rs. 20000/- is extended during emergency like major disease or accidents. Problems Encountered and Resources Required Lack of attitude for combined decision Lack of secrecy Day by day numbers of loan seekers are increasing.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Janata Mahavidyalaya, Chandrapur was established by Chanda Shikshan Prasarak Mandal in 1958. The founder of the college was Late Shri Shrihari Jiwatode Guruji, Ex. M.L.A. He was a true visionary who dreamed to transform this backward region through education. The college was the result of a noble and shining vision, and it was to develop this tribal and backward region through education based on human values, social responsibility and patriotism. The founder had a noble vision to bring in the light of wisdom by removing the darkness of ignorance, and to achieve the all-round development of this backward region. We continue his vision, and our vision statement is as follows: "Our vision is to create a society where education will act as a true liberator and capacity-builder, and unite people on the anvils of peace,

tolerance and understanding, and where the benefits of education will reach each and everyone, enabling them to live with self respect, dignity and enlightened awareness. Knowledge is the greatest resource today and applied, skill-based and lifelong learning is the demand of the day. What the youth today wants more than anything else is quality learning that will help them unleash their innate potentialities, acquire useful skills and become productive, creative and responsible citizens. We are fully prepared for that, and totally committed to educate the young in an exemplary manner, and remain useful to the society by assiduously participating in the arduous task of nation building. The college is located at such a place where it is easily reachable for the economically weak students from nearby villages. The college follows first come first served policy. This ensures that the students residing in the nearby village and the first generation learners are accommodated. The students in our college are mostly from the disadvantaged sections of the society, and they have got a clear aim before them which is to learn and shape their future. The institution provides all kinds of assistance to students to acquire knowledge and develop skills. The institution aims at all-round personality development of students. The college organizes various short term courses for the skill growth of the students and to make them job ready. As many students come from vernacular medium, it becomes very important to offer English language, personality development, confidence building activities and bridge courses to ensure their growth. The college has an active NSS and NCC cell which contribute for the society. As many of the students are first generation learners, the college has to involve the parents in their growth, progress and achievement by conducting parent teachers meet. The college also felicitates parents of meritorious students during Annual gathering 'Sunhare-Pal' every year. The college has also started 'Students Mentoring System' wherein each student is under the mentorship of a faculty member. Thus the students are personally counseled and academically helped during their journey in this institute.
