To whosoever concerned

I would like to endorse that there is research collaboration between my lab and department of Physics of Janata Mahavidyalaya, Chandrapur since 2012. We have worked together and published research work also. Students of M.Sc. Physics of Janata Mahavidyalaya, attend this laboratory for the purpose of research guidance and Material Characterization.

I anticipate that this fruitful collaboration will continue in the coming years too.

Hoping for the Best
