There were near about 30-35 inmates in the home. All of them were about the age of 65 yrs. The inmates were very hospitable, friendly and welcomed us with their beautiful smile. Though there were many recreational facilities available to them but all of them were lonely and craving for love and affection. We spoke to them, shared our love and listened to songs/ bhajans and few of them shared their personal stories with us.

However the care showered to them by the workers and management was indeed inspiring. Women cell donated meagre amount of Rs. 4000/-.
